VERSE:
--- I have your life in me
You are my Father, my very own Father

I have your nature in me

And I am your very own son

I have your nature in me

## **CHORUS:**

Because you, you tasted death for me

You came alive again for me

You acted and you stood for me

And I, I am found in you

My life's absorbed in you

Your spirit moves in all I do

And life, life flows out of me

More and more abundantly

This I know
